House Memorandum

To Mr. Joseph Morealle

Date May 6, 1976

From John C. Moran

Subject _____

COPIES TO:

Water Pollution Control Maintenance Department is in need of a 3/4 ton pick-up truck with a hydraulic tail gate. The pick-up is to be used by the Special Investigator in his rounds and investigations.

The hydraulic tail gate is needed to deliver the castings to the construction sites. These castings weigh anywhere from 575 to 600 lbs. complete, and with the hydraulic tail gate one man can handle the job. When using the dump truck to make the delivery it takes three men for the loading and unloading.

COPIES TO:

Bid #396 file

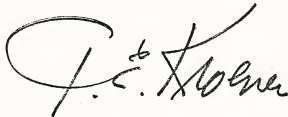

Attached is P.O. 7975 (Bid #396) to Allen County Motors for the subject truck at: \$5,380.00.

No other bids were received, although nine (9) other potential suppliers were contacted. This is primarily due to inability to quote because of model cutoff and change over date to 1977 models. Dealers do not have prices on 1977 models or any idea what they will be, or when delivery can be made. For units are currently still available but, for how long is questionable.

Also Attached are:

- 1.) Tabulation Bid Sheet
- 2.) List of Vendors Contacted
- 3.) Allen Co. Motors Bid-Specifications

for Councilmanic Approval after your review and approval.
